
FRAKTAL
MINDZ
EPK 2027

Bio

The French PsyTech Duo.

Fraktal Mindz is the live project of Toff, from the techno scene, and Tudobohm, from Psytrance culture. The project starts in 2026. More than fifteen years on stage each and two festivals founded along the way. Two separate paths coming together to build their own sound, with one ambition: to make two worlds dance as one.
