Press Kit // 2025

Intro.

Nelio started his music career in the early 90s as the drummer of ONEYED JACK, one of the most famous French underground rock fusion bands signed to Sony Music, recording 3 albums and performing more than 700 live gigs. After following the famous acid-techno travelling tribes from free-parties to teknivals, Nelio then decided to start DJing rare tracks from minimal tech house & techno to psytrance. He has now played over 2000 gigs as a DJ.

Nelio lives in Goa, India since 2005 and has spent most of his time touring big festivals and nightclubs throughout India and Asia. Worldwide, Nelio has played many times in all the major clubs & festivals throughout the globe.

Nelio handles his tech-house/techno DJ sets by NeLiO (Arambolized / Vortex Goa) & he performs psy-trance as 1EyED (Hilltop Music)

A DJ is performing at an outdoor night event. The DJ is positioned on the right side of the frame, wearing a black t-shirt, glasses, and a black cap. He is standing behind a wooden table that serves as his DJ booth. On the table, there is a Pioneer DJ mixer, a laptop, and two glasses of beer. The background is filled with a large crowd of people, trees, and stage lights. The scene is illuminated by warm, golden light from the stage lights, creating a vibrant atmosphere. The DJ is looking towards the crowd, and his hands are on the mixer. The overall mood is energetic and festive.

Technical Requirements.

- Playing from my own equipment (Computer + Controller)
- Will need 2 channels on a Pioneer DJM 900, A9 or V10
- (1) or (2) booth monitors with level controlled from DJ mixer
- (1) table (2m x 1.5m space)
- (1) table-light

A large crowd of people is gathered at night for the Celestia Festival 2024. They are dancing under a large, colorful, and illuminated canopy that features intricate patterns in shades of blue, purple, and pink. The scene is lit with bright stage lights, and a DJ is visible on a raised platform in the background. The overall atmosphere is vibrant and festive.
